

# PHILIP YU

## Software Engineer

I'm a full stack engineer with an entrepreneur and business operations background. When I'm not coding, you'll find me playing either puzzle-action or competitive team video games. I also love to get attuned with new cultures by cooking their food. Currently looking for an engineering position in a team-based role that can benefit from my start-up experience.

### PROFESSIONAL EXPERIENCE

- 2020 - Present

**Freelance Fullstack Engineer at Flying Goat**  
*Technology: TypeScript, React, Framer-Motion, Adobe XD*
  - Designed and implemented UI for Proof of Concept for US Market
  - Communicated and helped stake holders decide on the appropriate web service for e-commerce
- 2020 - 2020

**Software Engineering Apprentice at General Assembly**  
*Technology: JavaScript, React, MongoDB, NodeJS, jQuery, Python, Django, Sass, Socket.io, Cloudinary*
  - Built 4 full-stack web applications during an intensive 12 week, 500 hour coding boot camp using a variety of modern languages and frameworks.
- 2017 - 2020

**Co-Owner at Empress Delicacies**
  - Sold and handled high-end dried consumables such as ginseng, swallow's nest, abalone, and sea cucumbers.
  - Increased revenue 42% by introducing a domestic air freight program
- 2012 - 2017

**Director of Operations at Shojo Restaurant Group**  
*Notable Accolades: Top 50 Restaurants in Boston, Best Bar in Boston, Top 10 Best Ramen in America*
  - Facilitated the opening of two restaurants including designing dining room layout, install and implement PoS systems, and staff education.
  - Used data analysis to implement policies regarding seating and reservation arrangements resulting in a 23% revenue increase
  - Coordinate between teams at three restaurants for new product rollouts (including sales staff training)**Front of House Manager at Shojo**
  - Cultivated a culture that resulted in a high employee retention rate in a high turnover industry (90% of employees stayed for 1+ years)
  - Developed an in-depth training process targeting zero-experience server/host hires
  - Organized and delegated teams for private catering events in house and off site
  - Developed and maintained relationships with frequent clients, tech vendors, and food journalists.**Server at Shojo**
